**PROBLEM STATEMENT:**

A lot of people who have skills searching for a job. Sometimes, finding a Job that matches their skills is very complicated. Thus, they need to identify their job openings by asking company persons and traveling to new places. For that problem, our project helps people to create a profile and portfolios to mention their skills and qualities and based on that our project recommends the available job openings which are matched to your profile. It helps to solve the complexity of finding a job for an Individual.
